

NDP's 2021/22 Strategic Directions

Vision:

To build and maintain a community of recognised, capable, professional, and engaged individuals, committed to delivering high quality supports and life opportunities for people with disability.

Purpose:

To empower, support and develop the Australian disability workforce, equipping members with the information and tools they need to deliver the best services to people with disability.

To attract and maintain a diverse community of disability sector members.

To provide relevant, easy to understand news and information on changes that may affect the work of members in a timely manner.

To lift the esteem and profile of the disability sector by showcasing the impact of our member's profound and meaningful work.

Strategic Directions:

To foster personcentered and world class best practices by facilitating access to relevant, low-cost training and professional development.

To provide opportunities for members to connect and learn from each other.
